Sidecar

Connecting Sheet

Phone

Connected Sidecar and Phone

CONNECTING TO TWO EXP40 SIDECAR MODULES

Follow the same step to connect the two EXP40 Sidecar modules:

Sidecar

Connecting Sheet

Sidecar

Two connected Sidecars and Phone

Note: The T46G IP phone can support six expansion modules at most. But if you use more than two modules, you need to connect an additional power adapter to each module.

Commander Phone EXP40 Sidecar Quick Installation Guide

CONNECTING THE CORDS

Connect the EXT jack of the IP phone and the EXT IN jack of the first module using a connecting cord.

If you want to connect another module, connect the EXT OUT jack of the first module and the EXT IN jack of the second module using a connecting cord.

You can then attach the stand, power adaptor, Ethernet cable and the handset.

Note: You can connect up to six EXP40 Sidecar modules. To connect them together, connect the EXT IN jack of the module and EXT OUT of the next module with a connecting cable.

Connecting Cord

ASSEMBLING THE EXP40

Attach the stand , as shown below:

Desk Mount Method
